

Breastfeeding Friendly Employer Award

Purpose of NH Breastfeeding Friendly Employer Award

The New Hampshire Breastfeeding Task Force aims to promote, protect, and support breastfeeding. Exclusive breastfeeding for at least 6 months after birth is optimal for the health of a mother and her infant. The Task Force would like to recognize employers that support breastfeeding in their workplaces.

Eligibility

Although certain accommodations for nursing mothers are required per the Patient Protection and Affordable Care Act, the Task Force is seeking employers who are establishing and maintaining comprehensive, high-quality lactation support for their employees. Employers that have or are working toward, paid maternity leave for all employed mothers, flex-time schedules, job-sharing, work-from-home, and on-site child care, will be recognized for these family-centered policies.
